What country or countries are represented? (Please list all):

Benefits & Privileges of Membership:

Opportunity to participate and promote safe diving through a worldwide effort to develop standards.

Incorporate new ideas and developments that support the growth of commercial and recreational diving worldwide. Use of the IDSSC name and logo Membership form valid for one year and automatic renewal if both parties agree. This membership has an annual renewal fee.

Requirements and obligation of the member:

Compliance with the standards accepted by the IDSSC. The organizing member must develop all its activities in strict accordance with the standards that now or in the future may be accepted and established by IDSSC, and in all other respects must comply with the rules, regulations and other requirements that now or in the future may be established by IDSSC. These regulations must be controlled by the members, visiting our official website <https://idssc.org/> or the one that IDSSC indicates.

IDSSC members must commit to comply with the principles set forth in this Code of Ethics and Conduct.

- Having all the required licenses and permits for diving tasks both on the coast and at sea,
- Comply, as a first step, with the governmental diving regulations of your country and add all the appropriate rules and procedures to control the safety of the diving operation
- Support the commission with good practices, recommendations and compliance with the standards adopted by the IDSSC.
- Members must first and foremost respect the physical integrity of all divers, assistants, supervisors and personnel involved in dive operations, as well as the environment.
- To work so that the diving industry has high standards of respect, fellowship and solidarity throughout the world.
- Their actions will be based on honesty, justice, dignity, respect and integrity in all aspects of business relationships.
- Do not allow situations of intimidation, harassment, discrimination and exploitation in the workplace.
- To report through the correct procedures, any breach of the rules and safe diving practices.
